Reporting

- The only CRM to integrate a world-class Business Intelligence Tool.
- Over 170 out-of-the-box reports across all categories and modules
- Extensive custom reporting capabilities
- Every single field, even custom data sets, are reportable
- Create your own drillable dashboards
- Schedule reports for automatic delivery
- Run your reports in interactive HTML, CSV, Excel, PDF and RTF formats

Memberships

- Create multiple membership levels and multiple prices for each level
- Customize registration forms
- Upgrade/downgrade members' membership levels
- Create recurring memberships and auto renewals
- Designate members-only pricing in shopping cart
- Ability to create both organizational memberships and individual memberships

Events/Ticketing

- Create and manage an unlimited number of events
- Review registration trends across all events
- Incorporate barcodes for easy ticketing
- Accept donations at event registration
- Assign sponsors and sponsorship levels
- Configure customer registration forms
- Manage wait lists and email or print tickets
- Log event expenses
- Quick ticketing feature -- sell tickets at the door--mobile compatible

Task and Interaction Capabilities

- Track interactions with contacts--phone calls, emails, letters and more!
- Create and manage a to-do list from within the system
- Set follow-up tasks and assign to team members
- Set deadline reminders--in-system pop up notices and/or email reminders

Pledges/Grants Management

- Schedule recurring pledges
- Process pledges automatically
- View history of pledges including upgrades and downgrades
- Create batch pledge entries
- Manage grant applications from application to close out
- Allocate grant payments to specific programs
- Ability to write custom reports on grant records

INTEGRATIONS AND ADD-ONS

DONOR SEARCH - The only CRM in its class to fully integrate wealth profiles into contact records. Takes the guesswork out of fundraising, making it easy to find hidden major gift prospects in your donor list

MAILCHIMP - For those looking to harness the power of MailChimp, we are proud to offer two-way integration

WORDPRESS - Complete integration of every module into WordPress

INTUIT QUICKBOOKS - Up-to-date information on every donation, registration, or payment

MORWEB - One of the best and easiest website content management systems out there. Empowers non-technical users to make changes directly on their website using drag and drop and click and type editing

GOOGLE MAPS - Integrates Google Maps in a number of different ways to make data entry and event location listing easy

UJOIN - A first of its kind app that gives you the same advocacy tools used by policy pros, along with some brand new innovations

SMARTY STREETS - Deep integration with one of the easiest to use address verification tools on the market

WEBSITE INTEGRATION

Three ways to integrate your Fundly CRM with your website:

- › WordPress plug-ins for your WordPress site
- › Just need Newsletter Subscription, Donation and Event Integration? Your Fundly CRM now comes with a subscription to MorWeb CMS (www.morweb.org). Build beautiful responsive websites with the best in class drag and drop interface. Number of included Pages for your site depends on the subscription level.
- › Donation Widget--generate HTML script that creates a donation widget on any page

Accept donations, membership sign ups, and event registrations via your website - all data goes directly into your Fundly CRM!

POINT-OF-SALE (POS) APP FOR IOS

Integrates with Square Register and CardFlight / Star Micronics mPoP Register*

Process Donations, Memberships, Event Registrations, Merchandise Sales, and more

* Service fees and credit card processing fees apply.
